WHAT IS CEBT?

Colorado Employers Benefit Trust (CEBT) is a self-funded, governmental multiple employer trust that provides employee benefits for over 400 hundred (400) public entities, with over 34,000 members covered in the state of Colorado. The CEBT plan offers health, dental, vision and life coverage to the participating groups.

WHO IS WILLIS TOWERS WATSON?

Willis Towers Watson is the broker / administrator for the CEBT. It provides customer service for plan participants to obtain answers on claims and benefits questions at (800) 332-1168 or (303) 773-1373. Willis Towers Watson has service representatives that make periodic visits to the participating groups to answer questions. In addition, the Trust administrator markets for prospective new members. Finally, Willis Towers Watson handles the eligibility and premium invoice process between the Trust and the participating employers.

WHAT ARE THE ROLES OF UMR, CVS CAREMARK, DELTA DENTAL AND VISION SERVICE PLAN (VSP)?

CEBT has contracted with these managed health care companies to provide claims processing and provider network access:

UMR provides third party claim payment services and access to the UHC provider networks for CEBT members who have medical coverage.

CVS Caremark provides the pharmacy payment and access to their provider network for CEBT members who have medical coverage using the United HealthCare provider network.

Delta Dental of Colorado provides third party dental claim payment services and access to their Dental PPO and Premier networks.

Vision Service Plan (VSP) provides the vision payment and access to their provider network for CEBT members who have vision coverage.

Much of your day to day correspondence, such as Explanations of Benefits (EOB) and requests for further information, will come from UMR. Additionally, you will receive ID cards from UMR, CVS Caremark, and Delta Dental, but not from VSP.

This comparison of coverages is intended only as a general description for the principle in network features of the benefit plans. Please refer to the plan document that is posted on the www.cebt.org website for details.

Preventative Services – will be processed following the Federal Patient Protection and Affordable Care Act. For more information on these services go to <https://cebt.org/resources/benefit-booklets>.

*Embedded - Under this deductible definition, any single member of a family doesn't have to meet the full family deductible for the after-deductible benefits to kick in. Once they meet the individual deductible, plan benefits will start to pay.

*Non-Embedded - Also referred to as an aggregate deductible. Under this arrangement, the total family deductible must be paid out-of-pocket before health insurance starts paying for the health care services incurred by any family member. Usually applies in High Deductible Health plan. The individual deductible doesn't apply if there are multiple people covered by the plan (Employee +1, Employee + Spouse, Family Coverage, etc.)

PPO Note: Combination of PPO and Non PPO out of pocket limit will never exceed the Non PPO out of pocket limit.

Family Deductible: Combines individual and family deductible. When a family member has a healthcare expense, the money paid toward the individual deductible is also credited toward the family deductible. *Ex- An individual satisfies a \$3,500 individual deductible which is then credited toward the \$7,000 family deductible and leaves a balance of \$3,500 to be satisfied by another family member or members.*

Premier Dentist - Payment is based on the Premier Maximum Plan Allowance (MPA), or the fee actually charged, whichever is less.

Non-Participating Dentist - Payment is based on the non-participating Maximum Plan Allowance. Members are responsible for the difference between the non-participating MPA and the full fee charged by the dentist. You will receive the best benefit by choosing a PPO dentist.

Members may add coverage once a year at Open Enrollment. Coverage may only be dropped by an employee or dependent with proof of qualifying event. This is a brief description of services covered under your dental plan. Please refer to the Plan Document for full plan details. 3. Know which medications are covered. Your plan's list of covered medications can help you and your doctor find the most cost-effective drug option. Find your plan's list of covered medications at **Caremark.com**.

4. Use the *Check Drug Cost* tool available at Caremark.com. You'll be able to do a side-by-side comparison of your medications to see where you could be saving.

Flexible Spending Account Enrollment Guide

What is an FSA?

A health Flexible Spending Account (FSA) allows individuals to use pre-tax dollars to pay for medical expenses not covered by insurance. A dependent care FSA, also known as a Dependent Care Assistance Plan (DCAP) allows individuals to use pre-tax dollars for daycare or dependent care expenses. The dependent care FSA (DCAP) cannot be used to pay for medical expenses. Individuals elect to contribute a portion of their paychecks to either a health FSA or dependent care FSA and save 25% to 40% in taxes.

Know the Rules:

Health (medical) FSA

- Participants may claim and be paid out their entire annual election at any time.
- Every expense must be substantiated. Participants must be able to provide receipts, statements or bills for all expenses if substantiation is requested. Documents must include the date, amount and description of the expense or service.
- Only eligible expenses can be reimbursed. Medical expenses are defined by IRS rules. Expenses generally include items and services for the diagnosis, cure, mitigation, treatment, or prevention of disease, or for the purpose of affecting any structure or function of the body. See IRS Publication 502.
- All over-the-counter drugs are eligible along with all menstrual care products.
- Only "out-of-pocket" medical expenses are eligible for reimbursement. Medical expenses covered by insurance or any other plan or program are not eligible for reimbursement.
- Expenses for personal use or cosmetic surgery are not eligible for reimbursement. See IRS Publication 502.
- Medical expenses reimbursed under the health (medical) FSA may not be used to claim a federal income tax deduction.

Health FSA and Dependent Care FSA

- Contributions are subject to the IRS "use-it-or-lose-it" rule. However, for the health FSA, the employer may adopt a provision allowing up to a \$550 (2020) carry over of unclaimed monies. Unclaimed monies not carried over are forfeited at the end of the plan year.
- Elections cannot be changed during the plan year, unless the participant has a change of status. IRS Regulations define a change of status.
- Expenses must be incurred by a participant, spouse or eligible dependents during the current plan year and while participating. Expenses are incurred when the medical care is provided and not when the expense is billed, the bill is due or when the bill is paid.
- Every employer sets the deadline when claims and documentation must be submitted after the end of the plan year. It is usually 60 or 90 days after the end of the plan year.

Limited Health (dental & vision) FSA

- Employees contributing to a HSA may only participate in a "limited" health FSA not a "general" health FSA. A limited health FSA can only be used to pay for "out of pocket" dental and vision expenses.

Dependent Care FSA

- Participants may only be paid what they have contributed at any point in time.
- Participants must be ready to provide receipts for dependent care expenses.
- Dependent care expenses reimbursed by the dependent care FSA may not be used to claim the day care credit.

Tax Savings Examples:

Dave, a single taxpayer, earns \$27,000/year and has eligible medical expenses of \$1,200/year.

Dave's annual savings realized by participating in the FSA is **\$327**.

Michael and Sharon, working parents, earn a total of \$48,000/year. They have \$5,000 in child care expenses and \$1,000 per year in eligible medical expenses.

Their annual savings realized by participating in the FSA is **\$1,637**.

Assumptions are based off of 15% Federal, 4.63% State, and 7.65% FICA tax

Access with a Debit Card

Pay for Expenses with a Debit Card

- Easy to use- the Benefits Card is a stored-value card that simplifies the process of paying for qualified expenses.
- Restricted by merchant code (MCC) to healthcare-related merchants where MasterCard is accepted.
- It pays directly at the point of sale - No waiting for reimbursement!
- You can use it to pay for online mail-order prescriptions.
- You must save all receipts and be prepared to provide receipts if they are requested.

Save All Receipts For Purchases Made With The Benefit Card

Please remember to keep receipts for all purchases made with the Benefit Card. Per IRS regulations, Rocky Mountain Reserve may request itemized receipts to verify the eligibility of purchases made with the card.

- All receipts or other proofs of purchase must include the date of service, name of provider, dollar amount, and a description of the purchased service or product.
- Any receipt that does not contain the detailed information described above is not acceptable. Credit card receipts and canceled checks are not acceptable.
- If the requested receipt is lost or otherwise unavailable, most providers can provide a detailed statement documenting FSA eligible purchases. An Explanation of Benefits (EOB) is sufficient documentation to substantiate a transaction. Additional documentation will be requested UNLESS the transaction matches a co-payment, a previously approved repetitive expense, or was at a merchant that has installed the inventory information approval system referenced above.
- If a receipt is requested, Rocky Mountain Reserve will email a request within hours. Participants can mail, fax, email, upload the receipt online, or take a picture and submit it through the mobile app.
